It presents the pictured true story of the sole survivor of half a million Armenian Girls

Aurora Mardiganian, Herself

She is the Armenian beauty who escaped to America after two years of unspeakable adventure in the hands of Kurdish raiders, slave markets and Turkish harems. Although the newspapers have given her story pages of space the National Committee chose the screen as the most vivid medium of bringing home to the American people what their Christian sisters endured in ravished Armenia. The resultant screen epic has been truly called

MUNYON'S GREAT GIFT

REMEDIES TO BE GIVEN
AWAY ABSOLUTELY FREE
NEXT MONDAY ONLY.

Five Hundred Bottles of Munyon's Guaranteed Rheumatism Remedy Will Be Distributed From

C. ROY HETZEL'S DRUG
STORE, WOOLWORTH
BUILDING

Every Sufferer of Rheumatism
Is Urged to Call and Get
A Free Bottle

A representative of the Munyon's H. H. Remedy Co., is in Connelville for the purpose of proving that they have an almost infallible remedy for Rheumatism. They propose to give away this remedy absolutely free.

This proposition is certainly a fair one. They do not ask the people to invest one penny. On the contrary everyone is invited to call for a free bottle. Even the greatest skeptics must admit this is a fair and generous proposition.

Munyon's Remedies are sold throughout the civilized world and they claim that Munyon's Rheumatism Remedy has cured more rheumatics than all the medicines that have ever been compounded.

From the testimonials that have been published from thousands it would seem that their statements are fully justified. They certainly must know that this Remedy will do all that they claim for it or they would not distribute it free.

Columns after columns of testimonials have been published in the leading papers from well known citizens who have been cured by Munyon's Rheumatism Remedy. These remedies are guaranteed under the Pure Food and Drug Law and they positively contain no opium, cocaine, morphine or other harmful drugs.

They claim that Munyon's Rheumatism Remedy relieves all rheumatic pains in from three to five hours and generally cures before one bottle has been taken.

It cures by neutralizing the uric acid. They especially invite those who have what is called chronic rheumatism and all those who have stiff and swollen joints and are unable to walk without a cane to get a free bottle and see how quickly this remedy will help up the joints and take away all aches and pains.

In addition to Munyon's Rheumatism Remedy they have prepared the following list of remedies which are for sale by all druggists at 25 cents a bottle.

A Cure for Every Disease.

Munyon's Dyspepsia Remedy positively cures all forms of indigestion and stomach trouble. Price 25c.

SAFE AND STRONG

A Bank That Can Render the Service You Require.

In addition to its own Capital and Surplus of \$500,000.00 and Resources of over three millions, the First National Bank of Connelville has the cooperation and protection of the Federal Reserve System with resources of six billions. Within the limits of safe practice, the credit policy of the First National is liberal and it invites consultation in regard to your requirements.—Adv.

Are You Losing "Pep?"

Do you feel tired all the time? Does your back ache? Do you feel you are not so spry as you use to be? Middle-aged men and women often blame on coming old age for loss of ambition and energy when it is overwork or disordered kidneys that cause them to feel old before their time. Foley's Kidney Pills tone up and invigorate the kidneys, banish backache, rid the blood of poisons. Rev. W. F. M. Swygore, Macon, Ga., writes: "I am ready any time to speak for Foley's Kidney Pills." Adv.

Digestion and Assimilation.

It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality to the system. It is claimed that only one-half as much food is required when it is thoroughly assimilated. If you are troubled with indigestion, masticate your food thoroughly and take one of Chamberlain's Tablets immediately after supper and see if you do not feel much better in a day or two.—Adv.

ARMENIAN GIRL

OF GREAT FAME
TO VISIT CITY

Miss Aurora Mardiganian, the Armenian girl who has gained fame throughout the United States through her writings of the terrible atrocities committed in her native land, will visit the city next week.

Miss Mardiganian was the first to

Aurora Mardiganian herself in "Auction of Souls"

bring the story of herself and many Armenian girls to the United States, and which was published in the mass circulation of the metropolitan papers under the title, "Ravished Armenia." She has been the source through which \$150,000.00 have been sent to the near east, to relieve the suffering and distress.

Miss Mardiganian will appear with the presentation of the picture at the Solon theatre.

Don't Neglect the Little Ones.

A snuffling, sneezing, coughing child certainly is a reflection upon the parents. To permit a child to suffer from a cold is more than negligence; it is cruel. A cold that hangs on weakens the system and can easily turn into something serious. Mrs. J. S. Pitson, 376 E. 15th St., Cleveland, Ohio, writes: "I can't speak too highly of Foley's Honey and Tar. When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a little while." Children like it. It contains no opiates. Sold everywhere.—Adv.

How Colds Are Contracted.

Colds are due to bacterial germs that are usually present in the air passages of the throat and nose of healthy persons. Under ordinary conditions they do no harm but when you get chilled, very tired or eat too much so as to weaken your resistance they are quick to take advantage of it and almost before you know it you have a cold. Get a bottle of Chamberlain's Cough Remedy and take it according to the plain printed directions and you will soon be rid of it, but when you neglect it look out! Some of the most serious diseases result from neglected colds.—Adv.

Mirrored in the 1920 Fashions— Faint Glimpses of the Past

Yet basques, flous, panniers, hoops and other terms of yore can not do justice to the charm of their 1920 treatment, for here, among the crisp new taffetas and clinging crepes, billowy robes and slim seamed silhouettes, one finds the present fashions the richer for the subtle memories they bring, yet most decidedly new and with a delightful style or myriad of styles, all their own.

We are showing handsome matinee and afternoon frocks and exquisite evening gowns presenting the most attractive harmonies of color, material and mode. You will be interested in the return of the ruffled skirts and tiny shoulder sleeves, the fitted crinolines, the elegant collars and girdles and other effects which owe their origin to ballet of long ago. Come, see them.

QUALITY vs. HIGH PRICES

There is no commodity we can recall that is not now high in price, and certain articles will continue to increase in price—One of them is Clothing. Many who have postponed their purchases, anticipating a drop in price, will be disappointed this Spring and more so next Fall—so it will profit no one to keep from purchasing their requirements this Spring.

But there is one way we can all economize in our wearing apparel and that is to be certain we receive the most quality to be had for the money we spend—and today quality should be the thought uppermost in everyone's mind. Pure All Wool Materials, properly tailored in Suits, Coats and Skirts, is genuine quality and it can be obtained in our Hand Tailored-To-Order Garments at Prices No Higher than those asked for ordinary ready-mades.
